HISTORY

On December 6, 2020, the National Women's Soccer League awarded an expansion franchise to Kansas City, which brought world-class women's soccer back to the Heartland. The ownership group of Angie and Chris Long and Brittany Mahomes had to hit the ground running as the club was set to play its first match in just 124 days.

A temporary name and badge outfitted Kansas City's NWSL squad in its inaugural season, but the unrelenting desire to become the best women's soccer club in the world quickly propelled the club to the national and international stage.

In the years that followed, Kansas City has made history at nearly every turn. At the end of its inaugural season, the club revealed its new crest and identity – the Kansas City Current. In 2022, less than two years after being founded, the Current unveiled the first training facility in the world specifically built for a women's professional sports team.

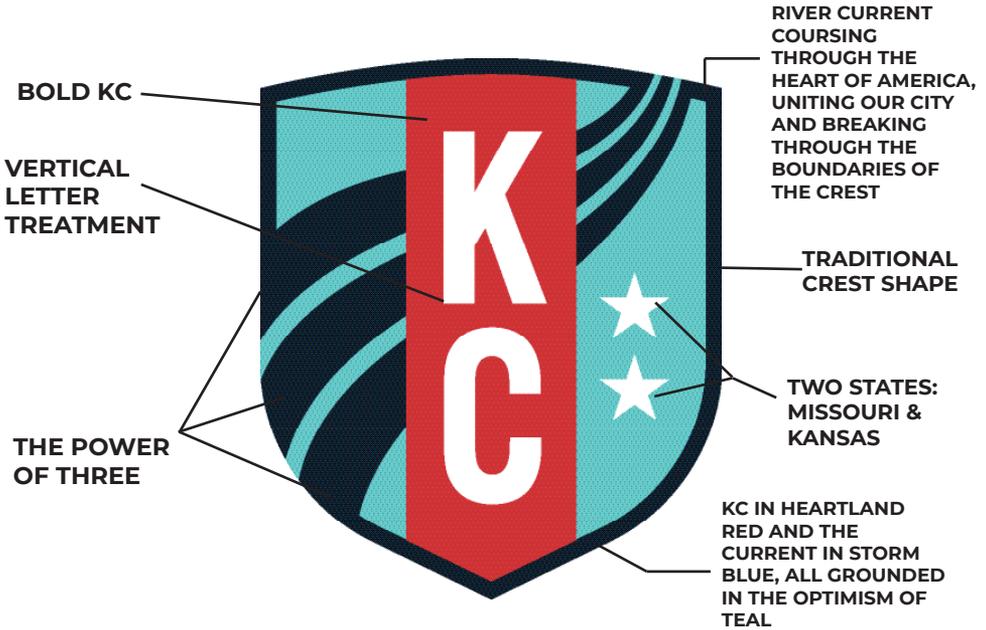

But the Current's momentum did not stop there.

The club broke ground on something truly historic in 2022: the first stadium in the world purpose-built for a women's professional sports team. That year coincided with incredible on-field success as the Current earned their first playoff berth in franchise history with an appearance in the 2022 NWSL Championship. In 2024, the club opened CPKC Stadium to worldwide fanfare, a venue that has raised the bar for female athletes everywhere. The Current won its first-ever NWSL Shield the following year to cap off a historic regular season.

The Current has truly set itself apart entering the 2026 season. The club has sold out every regular season home match at CPKC Stadium the past two years, and fans from around the world have continued to gather at Berkley Riverfront to experience the rushing, relentless momentum that is the Kansas City Current.

THE BRAND

Revealed to fans in a packed stadium on October 30, 2021, the Kansas City Current brand and crest are an evolution of the inaugural season colors — Teal and Heartland Red — carrying over to the permanent crest.

Teal, a fan favorite from day one, signifies optimism, hope and inclusion. Heartland Red represents the team's location in the heart of the country. Storm, an intense deep blue, is a grounding color symbolic of strength, determination and power.

An advocate for equal opportunities for women no matter what field or industry, Angie's determination and vision was critical in securing an expansion franchise for Kansas City. Her commitment to the vision is one of the many ways in which Angie proudly supports women, opening more doors for generations to come behind her.

Angie is a Kansas City native who grew up playing several sports at a high level, including soccer where she excelled as a goalie. At Princeton University, Angie played rugby and was a member of two national championship teams, earning recognition as co-captain and co-coach her senior year. She was selected as an All-American in 1997. Angie obtained an economics degree from Princeton.

LEADERSHIP

VLATKO ANDONOVSKI - SPORTING DIRECTOR

The Kansas City Current announced Vlatko Andonovski as the third Head Coach and first Sporting Director in club history on October 23, 2023. He moved solely into the Sporting Director role in November 2025. In his role as global sporting director, he works with the head coach and head of player development to implement the long-term vision for the club's technical and athletic success, as well as be responsible for player recruitment, roster strategy and scouting.

During his tenure as Kansas City's head coach, Andonovski helped author one of the greatest single-season turnarounds in NWSL history during his first year. A year after the club finished second-to-last in league standings with 26 points and an 8-12-2 record, Andonovski guided the Current to a 16-3-7 ledger and 55 points in 2024. Andonovski's second year as head coach saw the Current win their first-ever NWSL

Shield as the fastest team to clinch it, doing so with five regular season games remaining. The club set NWSL regular season records for points (65), wins (21), home wins (11), road wins (10), clean sheets (16), consecutive shutouts minutes (869), consecutive shutouts (9), shutouts at home (8), multi-goal wins (15), multi-goal games (18), fewest minutes trailing (109) and fewest goals conceded (13).

Prior to joining the Current, Andonovski spent four years with the U.S. Women's National Team. While at the helm he accumulated a record of 51-5-9. He led the team to the Concacaf W Championship in 2022, a Bronze medal at the 2020 Tokyo Olympics and four straight championships at the SheBelieves Cup (2020-2023).

A relatively unknown coach in 2013, Andonovski was named the first head coach of FC Kansas City. Since that time, he has become one of the most successful and recognized coaches around the world. With a record of 89-54-50 across all NWSL regular season and postseason play, Andonovski is one of only five coaches to have presided over 150 or more games and one of two coaches with multiple NWSL Championship titles to his resumé.

He spent five seasons with FC Kansas City (2013-2017) and two with Reign FC (2018-2019). He was named NWSL Coach of the Year in 2013 and 2019 and is the only coach to achieve that honor with more than one club. Across eight seasons in the NWSL he took his team to the playoffs six times and won back-to-back titles in 2014 and 2015.

COACHING STAFF

CHRIS ARMAS - HEAD COACH

Chris Armas was named head coach of the Kansas City Current on Jan. 7, 2026. Armas, who was inducted into the National Soccer Hall of Fame in 2025, brings with him over three decades of playing and coaching experience at the highest level of the sport.

Armas' coaching career began in 2008 as an assistant for Chicago Fire FC before spending four years as the head women's soccer coach at Adelphi University, his alma mater, from 2011-14. Under his direction, Adelphi had back-to-back Northeast 10 (NE10) Tournament final appearances in 2012 and 2013, earned its first NCAA Tournament berth in six years in 2013 and rose as high as ninth in the national rankings in 2014. Armas, who produced 20 All-Conference and six All-Region selections during his time with the Panthers, was recognized as the United Soccer Coaches Regional Coaching Staff of the Year and the NE10 Conference Coaching Staff of the Year in 2013.

In 2015, he joined the New York Red Bulls as an assistant coach and the team won the Supporters' Shield that year. Armas was appointed the Red Bulls' head coach in July 2018, finishing the regular season with a 12-3-3 record as the club won the 2018 Supporters' Shield and advanced to the Eastern Conference Finals. He was then an assistant coach for Manchester United (2021-22) and Leeds United (2023) in the English Premier League, even serving as co-interim head coach of Leeds United. Most recently, Armas was the head coach of the Colorado Rapids in Major League Soccer (MLS) during the 2024 and 2025 seasons. He led the Rapids back to the Audi MLS Cup Playoffs in 2024 and earned a third-place finish in the 2025 League Cup while capturing back-to-back Rocky Mountain Cup titles.

Regarded as the best American defensive midfielder of his generation, Armas had a successful 12-year playing career in the MLS with LA Galaxy in 1996-97 and Chicago Fire FC from 1998 until his retirement in 2007. He amassed 12 goals and 48 assists across 264 MLS matches and won the 1998 MLS Cup, 2003 Supporters' Shield and four Lamar Hunt U.S. Open Cups (1998, 2000, 2003, 2006). The Brentwood, New York native is one of only five players in league history to have been named to the MLS Best XI five times (1998, 1999, 2000, 2001, 2003) and he is a six-time MLS All-Star (1998, 1999, 2000, 2001, 2003, 2004). In 2003, he was named the MLS Comeback Player of the Year after recovering from a season-ending injury sustained in 2002. He was also chosen as Chicago Fire FC's MVP during their Shield-winning season that same year.

Armas earned 66 caps and scored two goals for the United States Men's National Team (USMNT) between 1998 and 2005, and he was tabbed the U.S. Soccer Male Player of the Year in 2000. He was a key member of the USMNT squads that qualified for the 2002 and 2006 FIFA World Cups – captaining the team on four occasions during those cycles – but untimely injuries kept him out of both World Cups as well as the 2000 Olympic Games.

ALANA COOK

ALANA COOK

Alana Cook joined the Kansas City Current in July 2024 via a midseason trade with Seattle Reign FC and signed a three-year deal through the 2027 season. A two-time NWSL Best XI selection in 2021 and 2022 – and a finalist for Defender of the Year in both of those seasons – Cook brings an elite defensive pedigree to Kansas City. After signing with the Current, she started the last 10 regular season matches in addition to both NWSL Playoff games in 2024, guiding the club to six clean sheets across those 12 contests. She started seven matches and helped the Current earn four shutouts in 2025 before an injury cut her season short.

Cook began her professional career at Paris Saint-Germain (2019–2021) where she won the 2020–21 Division 1 Féminine title, the club's first. She made 21 league appearances and 17 starts for PSG in addition to nine UEFA Women's Champions League appearances. Cook was then transferred to Seattle Reign (2021–24) and was instrumental in the club's 2022 NWSL Shield win. A consistent starter in Seattle, she had 84 appearances for the Reign across all competitions and logged 5,838 regular season minutes.

Internationally, Cook debuted for the U.S. Women's National Team in 2019 and has since earned over 30 caps, including appearances in the 2023 FIFA Women's World Cup and the 2022 CONCACAF W Championship. She scored her first international goal on April 11 – her birthday – in a 1–0 win over Ireland in 2023. Cook earned her first USWNT cap since 2023 in April 2025. During her youth career, she captained the Under-17 National Team for several friendlies in 2013 and was part of various U-20 training camps in 2016.

Collegiately, Cook starred at Stanford University (2015–2018) where she helped the Cardinal claim four straight Pac-12 titles and the 2017 NCAA national championship. She captained the team her last two seasons and was honored as the Pac-12 Defender of the Year in 2018. Cook was also a First Team All-American, a MAC Hermann Trophy semifinalist and a four-time All-Pac-12 Team selection.

The Kansas City Current signed goalkeeper Lorena da Silva Leite, simply known as Lorena, in December 2024 to a three-year contract through 2027 with an option for 2028. Lorena rewrote the record books during her first NWSL season and was named the 2025 NWSL Goalkeeper of the Year – the first player in club history to win the award – and earned a spot on the 2025 NWSL Best XI First Team. She was twice named to the NWSL Best XI of the Month, too.

Anchored by Lorena, the Current set NWSL records for clean sheets (16), consecutive shutouts minutes (869), consecutive shutouts (9), shutouts at home (8) and fewest goals conceded (13) in 2025 en route to winning the NWSL Shield. She tied the league mark for fastest keeper to reach 10 shutouts, doing so in just 17 matches. Lorena's 24 regular season starts set a club record, as did her 2,160 regular season minutes. Her 14 clean sheets in just one season set a new franchise record for career shutouts.

Lorena joined the Current from Brazilian club Grêmio. She made her professional debut with Sport Recife in March 2017 before joining Grêmio, the club she represented in her youth career, in 2019. Lorena took over the starting goalkeeper spot in 2021, leading the club to the Gaúcho Championship (Brazilian League) titles in 2022 and 2024.

Internationally, Lorena has been a mainstay on the Brazilian National Team since making her senior team debut in November 2021. After missing the 2023 FIFA Women's World Cup due to injury, she returned to play every minute of Brazil's campaign at the 2024 Olympic Games in Paris, recording three clean sheets in six matches to lead Brazil to the silver medal. Ten months into owning a professional women's soccer team, KC Current co-owners Angie Long, Chris Long and Brittany Mahomes would make one of the biggest announcements in the history of the sport.

On Oct. 26, 2021, they announced a privately-funded soccer-specific stadium at Berkley Riverfront Park, set to be the first stadium purpose-built for a women's professional sports team.

"From the beginning, our vision has been to create a player-first experience, and facilities for our team that match not only the elite level of these incredible athletes, but also the passionate support of the Kansas City metro and our fans," said Chris Long.

As part of a 50-year lease agreement with Port KC, the stadium was built on a 7.08-acre site on the east end of the park in Kansas City, Mo., in partnership with primary design and construction partners Generator Studio, JE Dunn and Monarch Build.

The stadium officially opened on March 16, 2024. In 2024, the Current became the first team in NWSL history to sell out every regular season home match. The club repeated the feat during the 2025 NWSL regular season.

THE UNIVERSITY OF KANSAS HEALTH SYSTEM TRAINING FACILITY

The first purpose-built training complex for a women's professional sports team in the United States is the Kansas City Current's home: The University of Kansas Health System Training Center. It's a space with world-class amenities and facilities, intentionally designed for players' demanding daily use. This is built exclusively for players, used exclusively by them: A place they can show up to every single day to stay at the top of their game. On June 22, 2022, the Current unveiled the new \$18 million training complex in Riverside, Mo. Privately-funded by team owners, the training complex is located just off I-635 and Horizons Parkway and is part of the team's aspiration to set the standard for the future of women's sport.

The complex includes two grass pitches and one artificial turf with more than 17,000 square feet. Meticulously designed, the layout is focused on all aspects of player health including training (elite weight, cardio and recovery assets) and nutritional (high performance chef, locally-sourced menus). In addition, the design is also focused on fostering player community and promoting physical and mental wellness. Beyond two world class pitches and a FIFA-approved turf pitch, the complex also includes nearby trails and an outdoor roof deck with views of downtown Kansas City. KC Current had the complex designed by Generator Studio and built by Monarch Build, a female-owned construction firm.

PERFORMANCE CENTER + RIVERSIDE STADIUM

On Feb. 24, 2026, the Current unveiled its next phase of development in Riverside: the development of Riverside Stadium, the addition of a new state-of-the-art Performance Center and the expansion of the Current's grass and turf pitches. Riverside Stadium is a 2,000 seat outdoor stadium featuring a FIFA certified, heated grass pitch and fan amenities.

The Performance Center, focused on player development, agility, and strength, brings the Current's total training and headquarters footprint to over 35,000 square feet. Pitch expansion features four new grass youth soccer pitches, bringing the Current's total training campus to 12 grass and turf pitches.

This investment reaffirms the Current's long-term commitment to player development, performance excellence, and community engagement. The expanded space will support the growth of the Current's youth programming, reinforcing the club's vision of a complete development pathway from grassroots to professional.

In total, the club's investment in player facilities in Riverside, Mo. is \$52 million.

MEDIA

MEDIA GUIDELINES

MEDIA CREDENTIALS

Media credentials and access will be granted only to individuals with a legitimate working function at a game, training session or event. The bearer must be on a specific assignment. Credentials are non-transferable. Any unauthorized use of a credential subjects the bearer to ejection from the event. Resale or attempted resale is grounds for seizure and cancellation.

The following actions may result in seizure of credential and/or ejection of its wearer from the stadium or training facility:

- Requesting autographs at any time.
- Taking photographs with players/coaches
- Using credential for family or friends of a working media member
- Conduction of unauthorized interviews
- Unprofessional behavior (Cheering in the press box, consumption of alcoholic beverages, failure to abide by posted rules, etc.)

CREDENTIAL APPLICATIONS

The Kansas City Current is accepting applications for Season-Long Credentials and Single-Game Credentials. Members of the media with season-long credentials will be given priority at all Kansas City Current home matches.

Space is limited and media must RSVP to gain access. Media credentials do not guarantee entry into the venue without prior reservation.

All single-game credential requests must be submitted in advance two (2) days prior to the scheduled match. Applications and reservations can be found throughout the season at <https://www.kansascitycurrent.com/media-center>.

Upon arrival at the venue, your name will be confirmed on a list of approved attendees for that particular match. Once your name is confirmed, you will receive a credential that allows you to enter and exit the venue. Your credential access will determine the areas of the venue you will be able to visit.

TREATMENT OF CREDENTIALLED MEDIA

Postgame Media Access: Locker rooms will not be open to media at any point.

No individuals other than League or Club representatives shall be allowed in Club locker rooms following a game.

Under no circumstances shall any club and/or its players discriminate in any fashion against an accredited member of the media based upon race, creed, sex or national origin.

Seating Access: Accredited media members will have access to the stadium, professional workrooms and stadium seating, if available. During the match, accredited media will have access to the press box which will be restricted to only those accredited media members.

MEDIA GUIDELINES

All credentialed media shall be seated in media seating areas, consistent with treatment afforded comparable media. In addition, all members of the media are to be afforded equal treatment and access to facilities and personnel, regardless of sex.

Traveling Media: Members of the working media who travel with a visiting team will not be treated in a discriminatory manner with regard to seating or any other privilege or facility accorded to the home media. Comparable seating and equipment should apply to home and road media (print and electronic).

Media Access to Practice: Kansas City Current will work to provide media access to practice whenever possible. If practices are closed, Kansas City Current will grant a 30-minute media access period at the start or end of practice at least once per week. In addition, Kansas City Current will make a member of the coaching staff and/or a player available for interviews at least once per week.

Game Day Guidelines for Photographers and Camera Operators: All photographers and television camera operators must stay behind the field boards at all times, unless released by the on-site photo marshal.

Each photographer will be permitted to use one monopod — but no tripods.

Stand-alone remote units on or around the goal posts will not be permitted without permission from the Home Team, the NWSL and the Referees.

Photographer Access to Field: Photographers shall be permitted behind the field boards in designated areas at CPKC Stadium. Photographers must not be blocking the view of fans or spectators in any capacity.

Once situated, no movement shall be permitted until halftime. Changes in this policy will be allowed in cases where stadium facilities dictate alterations. No photographers shall be allowed near the team benches.

Game Day Photographer Identification: In addition to their regular credential photographers will be issued colored bibs. Photographers will pick up their bib when they check-in at the stadium and return as they leave.

Game Day Photography Work Area: A work area will be provided for photographers, near the field where appropriate, with high-speed internet access.
